

Corporate Golf Day & Group Lessons

with Teaching Pro **Bennett Galloway**
Director of Golf for **Gotemba Golf Club, Japan**

Planning a golf day here in Japan? Why not make it an Event by adding Professional instruction!

- **PUTTING CLINIC (pre-round in the morning)** improve the way you putt forever, imagine how many shots you could knock off your score if your putting improved?
- **PUTTING AND SHORT GAME CONTESTS** enjoy fun ways to increase the challenge and everyone can join! (prizes provided by the sponsor)
- **ROAMING PRO** your guests will enjoy tips and professional support throughout the days round and events with anytime Q&A.
- **SWING FUNDIMENTALS (in the afternoon at the RANGE)** check all your basic fundamentals including: Grip, Posture, Alignment, Stance, Ball Position, Pre-shot Routine and “really” get started on the right foot!
- **SHORTGAME BONANZA (either before of after the round “time permitting”)** improve the way you get the ball “up and down” from around the green, imagine how many shots you could knock off your score if your whole short game from pitching to bunkers to chipping improved?

*Video swing analysis available on request, however this style of lesson favors smaller numbers of students as it is a little more involved. (15 to 20 minutes per student required)

Pro Instruction Daily Fee:

1 day event 45,000yen

Multiple day events 35,000yen/day

*Note: The event sponsor is also responsible for travel and accommodation expenses incurred depending on the venue. (Video swing analysis not included in the above prices and available upon request)
